

# PRESIDENT

## ROLE DESCRIPTION

The President has overall responsibility for Fusion and leads the Committee in every aspect of the society. The President must have strong leadership skills as well as being able to work with others effectively. They are also responsible for the long-term planning of the society.

If you have any questions about this role, please contact Weronika on [weronika@fusionchemsoc.co.uk](mailto:weronika@fusionchemsoc.co.uk).

---

## KEY RESPONSIBILITIES

- To take the lead on all aspects of the society, with assistance from the Vice-President.
- To work with each Committee member on their tasks and assign tasks to people as required.
- To represent the society both within the University and externally.
- To ensure that all members of the society feel included and welcome, and that any incidents are dealt with.
- To review the long-term goals of the society and make final decisions on any major events or changes to Fusion or its constitution.

---

## IF YOU ARE...

	<b>Well-organised</b>	<b>A team player</b>	<b>Motivated</b>
<b>A strong leader</b>	<b>Passionate about Fusion</b>	<b>Enthusiastic</b>	
		<b>Responsible</b>	<b>Proactive</b>

...then the President role is perfect for you!

---

## WHY JOIN THE FUSION COMMITTEE?

- To significantly enhance your CV,
- To learn essential and useful skills for any career path,
- To make a positive change to Fusion and both the Chemistry and wider communities,
- To meet new people and have lots of fun, and
- To carry the Fusion spirit forward!

---

## NEXT STEPS

We'd be delighted if you were to apply to become the **President** of Fusion. You can apply to multiple roles.

Click the **Apply** button below or go to [fusionchemsoc.co.uk/agm](https://fusionchemsoc.co.uk/agm) and complete the quick application form.

You will also be able to give a short presentation at our online Annual General Meeting at the end of April. Further details will follow after you have submitted your application.

**Deadline: Wednesday 21 April 2021 at 23:59.**
